# Notebooks & Folders 2024

This Company has more than **180 years of experience** manufacturing stationery products.

For five generations, we have considered innovation and quality inalienable values and will continue to do so in the future.

We were pioneers in introducing products that changed how time and tasks are organised, such as the integral system ring-bound diaries or our classic Notebooks with perforated sheets and coloured margins.

For this new season, we are presenting **our wide range of stationery** products: Notebooks, folders, pads, refills, cards and the classic Miquelrius books, designed for all ages and needs.

This Company has more than 180 years of experience manufacturing stationery products. For five generations, we have considered innovation and quality inalienable values and will continue to do so in the future. We were pioneers in introducing products that changed how time and tasks are organised, such as the integral system ring-bound diaries or our classic Notebooks with perforated sheets and coloured margins.

**100% national manufacturing**

All our Notebooks are manufactured in our factory in Parets del Vallés, guaranteeing their quality and safety. We also comply with the environmental, social and economic standards that ensure the protection and sustainability of forests.

**More than 1.000.000 notebooks in the hands  
of our customers**

Our customers continue to place their trust in our notebooks to accompany them in their daily activities. More specifically, over 1.000.000 Notebooks are purchased by them every year. A notebook we created in 1989 and which was the first in the market with coloured strips on the side of the sheets and micro-perforations so they can be detached cleanly and separated to classify by subjects or projects. Moreover, we were also pioneers in bringing colour, illustration and design to the world of stationery.

**Opaque  
Paper**

## High-quality paper

All our notebooks are made of extra opaque paper. To avoid the ink passing through the page and thus facilitate writing on both sides. This paper offers an excellent **satın finish** to favour pencil or ballpen writing. Additionally, as this finish is applied to the paper pulp, **drying is faster**, and the reflection of light is reduced, allowing **precise writing without smearing**. The premium quality of all our types of paper guarantees **soft and pleasant texture** while at the same time offering excellent **resistance to the pressure** of the pencil, as well as when erasing.

Our paper, made from **sustainable fibres**, has FSC MIX CREDIT certification, guaranteeing that it comes from environmentally sustainable forests.

**Opaque Paper** 70 g/m<sup>2</sup> 80 g/m<sup>2</sup> 90 g/m<sup>2</sup>

## Highly durable covers

We have a large variety of **very tough and durable** covers for our customers to choose from according to their needs.

**COMPACT CARDBOARD**  
Tough and rigid

An extra rigid cardboard cover, covered with a laminated finish (matte or glossy). Thanks to its lamination, this combination gives the notebook consistency, enabling you to write without needing support and with excellent durability.

**POLYPROPYLENE**  
Flexible and long-lasting

Cover made of a 0.8 mm thick sheet of polypropylene. In addition to its toughness, this plastic cover provides the notebook with flexibility, lightness and water resistance.

**RECYCLED CARDBOARD**  
Quality and commitment

Cover made of 100% recycled cardboard (recovered after being consumed). Made of recycled and recyclable materials to reduce the environmental impact of the notebook.

## Spiral with the coil-lock system

An aluminium spiral Ø 1.2 mm thick, tough and elastic. Made and dispensed continuously to the notebook with the **coil-lock system closure**.

A system that enables the notebook to be opened flat, but above all, **avoids snagging** with other notebooks, the backpack or clothes.

Moreover, the coil-lock closure system enables the sheets to be **opened 360°** and one cover to be put behind the other, **increasing the rigidity** of the notebook and allowing you to write without needing any more support.

## Printing quality

The high-quality **offset printing** of our lining guarantees **subtle and clean lines**, which helps to highlight the writing, and facilitate reading.

We have an **extensive range of lining** (squares, lines, dots or plain) for the customer to choose the most suitable according to their needs. Additionally, our notebooks are the only ones with **lines in the same colour as the side strips**.

Our **pages are specially designed** to take and organise notes: all have a heading for the title, subject and date, and double margins for bullet points or numbers.

## Sizes and linings

Different sizes are available for you to choose the most appropriate. We also supply notebooks with different rulings and numbers of pages, **from 80 to 200**.

# NOTEBOOK

Miquelrius aims to satisfy all customers needs according to their age, preferences and trends. With our range of **NOTEBOOKS**, we offer you the opportunity to reflect their personality in their office, school or business.

**NOTEBOOK EMOTIONS.** Stimulate creativity with their wide range of colours, without giving up practicality and reflecting all personalities.

**NOTEBOOK ECO.** We are aware of the importance of taking care of the environment. The widest range of recycled and recyclable notebooks on the market.

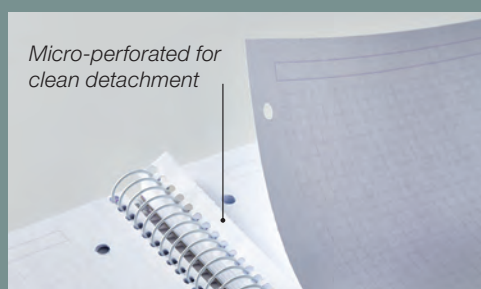

**NOTEBOOK DESIGN.** Range is committed to design. Notebooks made with attention given down to the smallest detail, with exclusive designs, elegant, sober and amusing finishes.

**NOTEBOOK THE ORIGINAL.** With its wide variety of finishes, covers, lining and colour that adapts to each need, improving the performance of any activity.

## Cleanly detached pages

Our extensive experience manufacturing notebooks and our constant commitment to quality has enabled us to achieve **excellence in micro-perforation**.

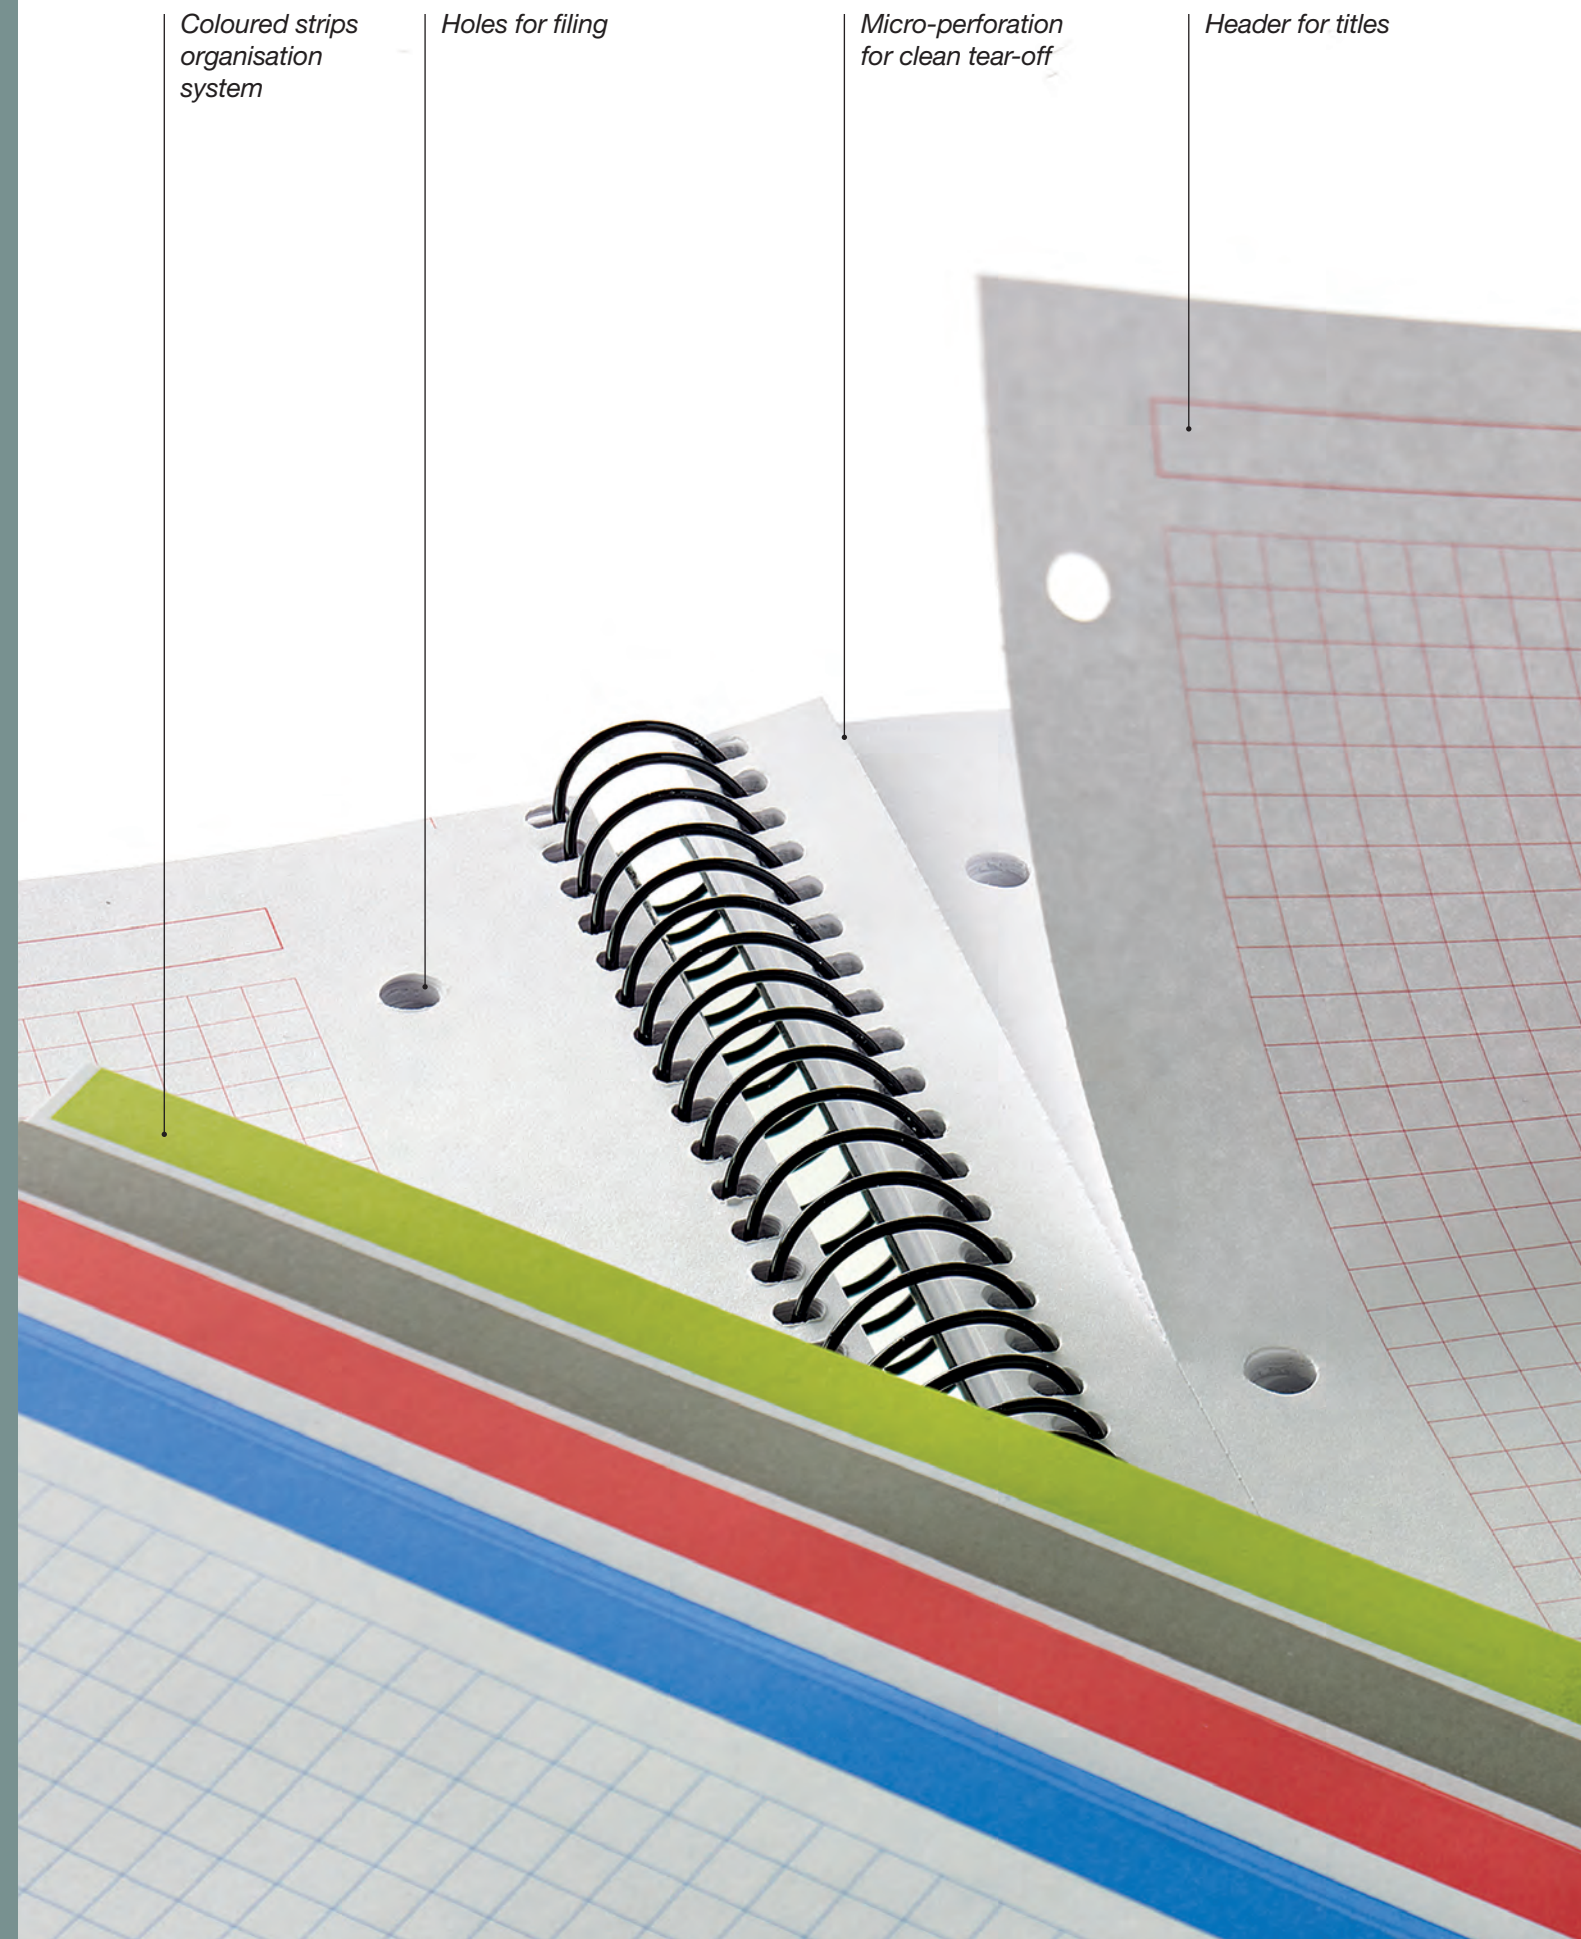

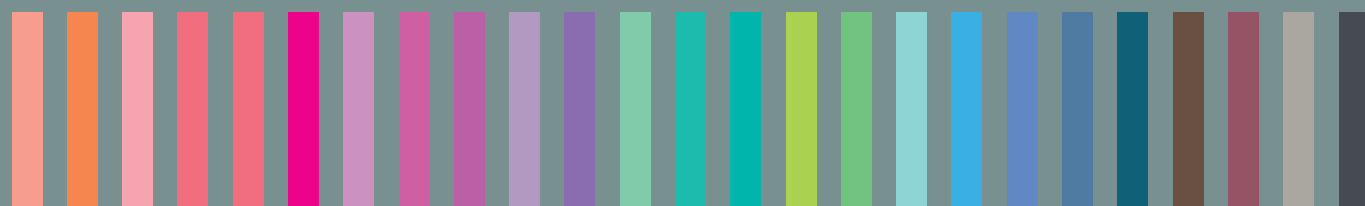

Micro-perforated for clean detachment

Our fine and uniform micro-perforation guarantees **clean and easy removal of the sheets**, so that when detached from the notebook, the breakage points of the micro-perforation on the side of the page are almost invisible.

This is possible thanks to the excellent manufacturing process in which **exact pressure is applied to the die-cutter** to provide easily removable sheets.

Over 25 colours are available:

# NOTEBOOK DESIGN

In 1996, we were pioneers in applying colour, illustration and design to the world of stationery.

Since then we have progressed from a range of traditional notebooks to the widest variety of printed designs on the market.

Every year more than 100.000 people enjoy this range of notebooks where the details are the distinguishing feature.

All our Notebooks are manufactured in our factory in Parets del Vallés with premium-quality extra opaque paper.

We also comply with environmental, social and economic standards that ensure the protection and sustainability of the forests.
